### Lavon Economic Development Corporation

Agenda item 5B Economic Development Activities.

CISD Educator Garrett Dorman is in the initial stages of launching an entrepreneurship program to empower high school junior and seniors to create and launch their own startup businesses. To contribute positively to our local economy, the young talent needs mentors to teach a period or provide insight into developing a business. They would like experienced business leaders to offer guidance, share insights and help cultivate the entrepreneurial spirt. Garrett Dorman would like the opportunity to explain his program and to seek ways of attracting mentors from the business community and include LEDC Director to assist with this program development.
